

# Hotel Reviews

## LA - 1 Exploratory Data Analysis

Submitted By:- Shivee Jaiswal, 1NT21IS152, 5 C

### *Introduction*

The Hotel Reviews dataset is a collection of customer reviews and feedback about various hotels, providing valuable insights into the hospitality industry. Typically sourced from online review platforms or booking websites, this dataset encompasses a diverse range of hotels worldwide. Each review entry includes details such as the hotel's name, location, user ratings, and textual feedback from guests. Analyzing this dataset can offer profound insights into customer preferences, satisfaction levels, and specific aspects of hotels that influence their experiences. Researchers and businesses can leverage sentiment analysis and natural language processing techniques to extract sentiments expressed in these reviews, enabling them to understand trends, identify areas for improvement, and enhance overall customer satisfaction in the hotel industry. The Hotel Reviews dataset is a valuable resource for researchers, data scientists, and industry professionals aiming to gain a deeper understanding of customer opinions and preferences in the realm of hospitality.

## 1
Our experience at Rancho Valencia was absolutely perfect from beginning to end!!!! We felt sp
ecial and very happy during our stayed. I would come back in a heart beat!!!
## 2
Amazing place. Everyone was extremely warm and welcoming. We've stayed at some top notch plac
es and this is definitely in our top 2. Great for a romantic getaway or take the kids along a
s we did. Had a couple stuffed animals waiting for our girls upon arrival. Can't wait to go b
ack.
## 3 We booked a 3 night stay at Rancho Valencia to play some tennis, since it is one of the
highest rated tennis resorts in America. This place is really over the top from a luxury stan
dpoint and overall experience. The villas are really perfect, the staff is great, attention t
o details (includes fresh squeezed orange juice each morning), restaurants, bar and room serv
ice amazing, and the tennis program was really impressive as well. We will want to come back
here again.
## 4
Currently in bed writing this for the past hr 1/2 there have been dogs barking and squealing
call the front desk to advise basically to be told there's nothing they can do. 315.00 and I
can't sleep.
## 5

```

I live in Md and the Aloft is my Home away from home...we stayed 1 night 7-7-16 ...Staff is great ! Especially Olivia who was Extra special because she remembered me by my voice over the phone ...which tells me she is very alert and pays attention to the customer their needs.AND SHE DID ! Thumbs up... More

## 6

I stayed here with my family for my daughters wedding. It had a very accommodating staff, Olivia was excellent. The rooms were very well maintained. Would highly recommend this hotel, especially if your wedding venue is Celebrations at the Bay!

##
reviews.text
## 3 We booked a 3 night stay at Rancho Valencia to play some tennis, since it is one of the
highest rated tennis resorts in America. This place is really over the top from a luxury stan
dpoint and overall experience. The villas are really perfect, the staff is great, attention t
o details (includes fresh squeezed orange juice each morning), restaurants, bar and room serv
ice amazing, and the tennis program was really impressive as well. We will want to come back
here again.
## 4
Currently in bed writing this for the past hr 1/2 there have been dogs barking and squealing
call the front desk to advise basically to be told there's nothing they can do. 315.00 and I
can't sleep.

## Analysis

The Hotel Reviews dataset provides a diverse collection of customer feedback, encompassing various hotels worldwide. Analyzing this dataset reveals valuable insights into customer preferences, satisfaction levels, and key factors influencing hotel experiences. Researchers can leverage sentiment analysis to extract sentiments from textual reviews, enabling a deeper understanding of overall trends and areas for improvement in the hospitality industry. The dataset facilitates comprehensive

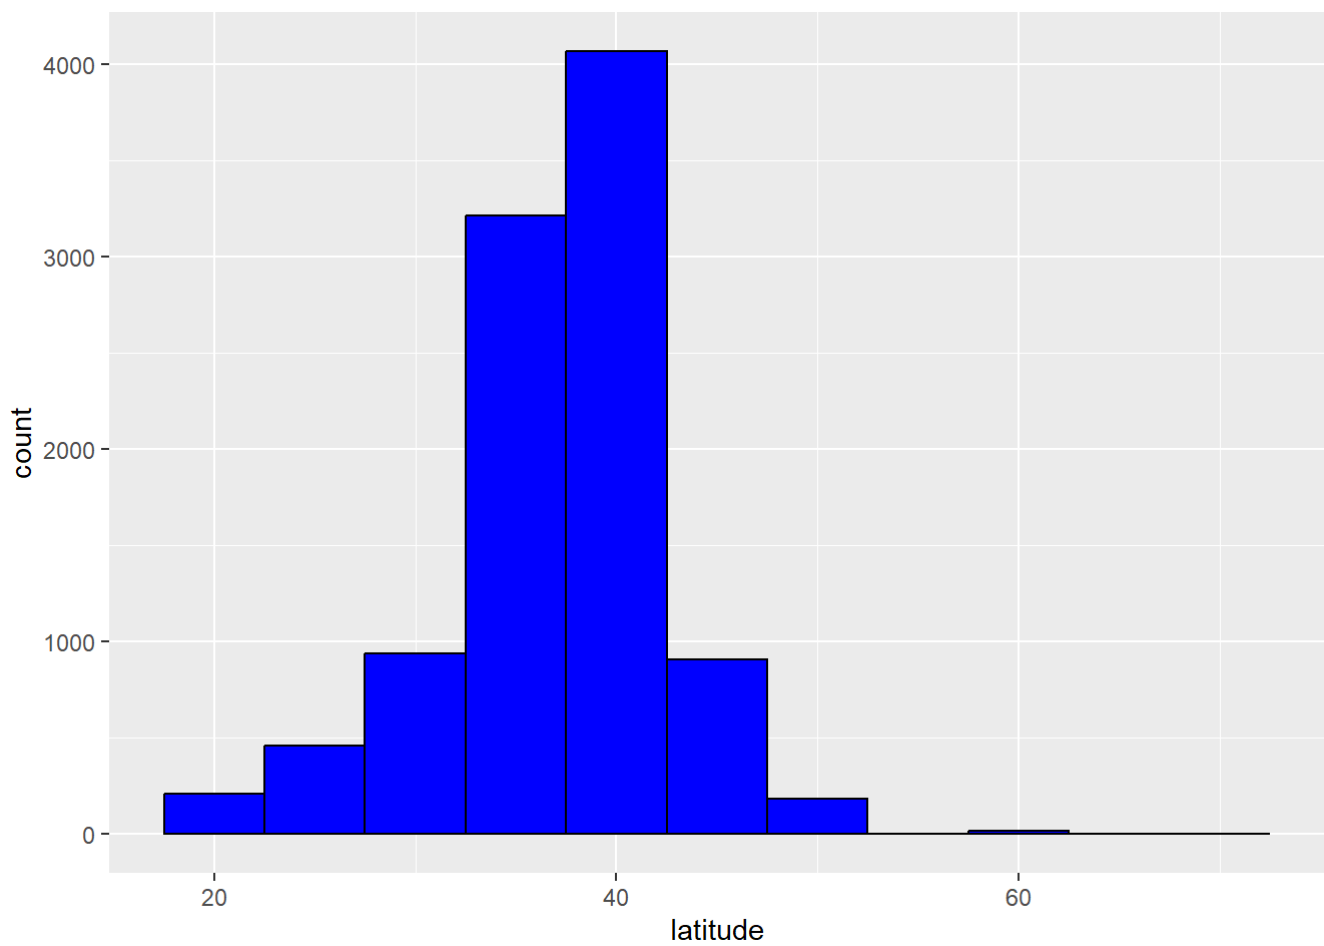

exploration of customer opinions, contributing to enhanced service quality and customer satisfaction strategies for hotel management.
